SECTION K (SBD 9)
CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1991, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

7. SERVICE REQUIRED

- The Department of Cooperative Governance and Traditional Affairs through Provincial Disaster Management Centre invites proposals from suitably qualified and experienced service providers to supply and deliver building material to the affected households within the Province.
- The Department of Cooperative Governance and Traditional Affairs wishes to enter into a contract with a suppliers, for a three (3) year period for the supply and delivery of building material as per the specifications in paragraph 3 below.

1. BACKGROUND

- 1.1 The Province of KwaZulu-Natal is prone to a wide range of natural and man-made risks and hazards that result in disasters. Disasters such as floods, strong winds, heavy rainfall, lightning and fires cause disruption and serious damages, costs, loss of life and property.
- 1.2 Houses are severely damaged by these incidents. Vulnerable communities continue to be at a receiving end of these calamities and are unable to cope with the situation using their resources and they rely on government for support to normalise the situation.
- 1.3 The Department of Cooperative Governance and Traditional Affairs is responsible for disaster management coordination in the province and the Provincial Disaster Management Centre is tasked to perform this function as stipulated by Disaster Management Act 57 of 2002. Whilst the department has for so long been using both tents and temporal shelters for disaster victims, it has been realised that in many instances, there would only be roof damages that when a victim receives material, they would be able to fix their house quickly and have a safe shelter again.
- 1.4 The rehabilitation and reconstruction of houses post disaster incidents is a joint-responsibility by all spheres of government but the Department of Human Settlements is a leading agent, however the PDMC working with municipalities conducts damage assessments and provide reports as well as beneficiary lists to the Department of Human Settlements to attend to the damaged houses.
- 1.5 The process seem to take longer than anticipated to approve rebuilding of houses and sometimes communities are affected more than twice even before getting assistance and there are usually these complaints when COGTA interacts with community on the ground.
- 1.6 Therefore, it is prudent for COGTA to be innovative and to make means to supply the building material vouchers as a rapid response to normalize the situation where there have been severe damages caused by incidents.
- 1.7 COGTA is not taking over the responsibility of Human Settlements as a leading agent but it is providing innovative rapid response mechanisms as required by the Disaster Management Act 57 of 2002 which is complimentary to what the Department ought to provide for disaster victims.
- 1.8 In this regard, the Department of Cooperative Governance & Traditional Affairs (COGTA), through the Provincial Disaster Management Centre (PDMC) has prioritized the implementation of this programme to ensure rapid response to affected households.

2. PURPOSE

- 2.1 To appoint a suitable and qualified service providers for a period not exceeding three years (36 months) to supply and deliver building material to the affected households within the Province.
- 2.2 The purpose of this appointment is to ensure that the PDMC has appointed a qualified service providers that will be on standby to expedite the procurement process to supply building material during emergency situations.
