# ACHIEVEMENTS

Good progress has been concluded with regards to AFMS. The Unit has conducted AFMS Presentations, Implementation and Data Connectivity Testing and SITA Training during April 2015-June 2016. It was projected that 11 Pilot Municipalities would benefit from the SITA Training and this was achieved.

We have subsequently projected to engage additional Municipalities in the new financial year. We have however, proceeded with other actions in the program due to keen interest from other Municipalities in the Province. In our 2016/2017 financial year we will complete engagement of all 44 municipalities.
